Welcome

Your first choice independent supplier

QUALITY & SERVICE AT AFFORDABLE PRICES

Barrettine Products - serving customers in the DIY market, decorating centres, builders merchants, garden centres, agricultural distributors / merchants and shed and fence manufacturers throughout the country.

Demand for our Premier Wood Preservers and Decorating Sundries is constantly growing with our "Customers own Brand" service proving particularly successful.

At Barrettine Products we are proud of our achievements and of the excellent levels of service offered by our friendly and highly professional team.

We are also continuing to develop the Barrettine brand nationally through our network of distributors, wholesalers and retailers. We have built our reputation on quality products and quality brands such as Knockout® - our cleaning and maintenance range, the highly successful paint strippers Peelaway® & Paint Panther® that really work and more recently our wood care Nourish & Protect® range based on high performing products at great prices.

It is our intention to maintain these standards as we develop new products and markets that will see us well placed to service our customers over the coming years.

WOOD PRESERVERS & TREATMENTS

Wood is derived from a living plant and whilst a strong and durable product of nature it requires protection against certain forms of attack. At Barretine we have developed a range of high quality but easy to use products that will restore and add colour to your home and garden, protecting your timber from natural enemies such as adverse weather, wood decaying fungi and wood boring insects for years to come.

WOOD PROTECTIVE TREATMENT

SIZE	PACK QTY
1 litre	6
2.5 litre	4
5 litre	4
25 litre	1
205 litre	1

ORDER CODES: See page 4

An ideal wood treatment for outdoor timber structures such as Sheds, Fences, Trellis, Pergola and timber Gazebo's. A low build film product that absorbs into the wood with successive coats building onto the surface to give excellent water repellency and beading. Oil / Solvent based for deeper penetration of substrate. Contains water repellent resins and film biocide preserver to prevent surface growth of mould / algae and together this helps reduce decay, swelling, twisting of wood. Pigments have good UV fade resistance and will help protect wood from UV damage. Friendly to beneficial insects when dry.

See main advert on page 4

UNIVERSAL PRESERVER

SIZE	PACK QTY	ORDER CODE
1 litre	6	UPCL001
5 litre	4	UPCL005
25 litre	1	UPCL025
205 litre	1	UPCL205

See main advert on page 5

A high quality low odour colourless solvent based, deep penetrating clear primer preserver which is used for the protection against wood destroying fungi (wet rot), wood discolouring fungi and wood boring insects. Provides a colourless finish for further painting, varnishing. For outdoor use and also for use on windows/frames, external doors/frames (internal & external sections). Can also be used on structural timbers on indoor unoccupied areas such as floor joists.

WOOD PRESERVER

SIZE	PACK QTY
1 litre	6
5 litre	4
25 litre	1
205 litre	1

ORDER CODES: See page 6

A high quality low odour solvent based, deep penetrating preserver which is used for the protection against wood destroying fungi (wet rot), wood discolouring fungi and wood boring insects. Provides a semi-transparent matt / satin finish allowing the natural wood texture to be visible. No subsequent top coat product required unless for aesthetic purposes. For outdoor use and also for use on windows/frames, external doors/frames (internal & external sections). The clear product can also be used on structural timbers in unoccupied areas such as floor joists.

See main advert on page 6

USE BIOCIDES SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.

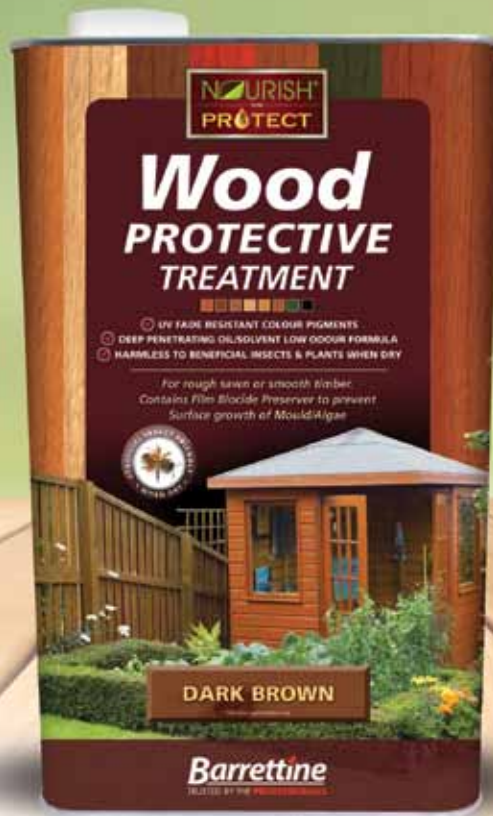

Wood PROTECTIVE TREATMENT

- ✓ UV FADE RESISTANT COLOUR PIGMENTS
- ✓ DEEP PENETRATING OIL/SOLVENT LOW ODOUR FORMULA
- ✓ HARMLESS TO BENEFICIAL INSECTS & PLANTS WHEN DRY

*For rough sawn or smooth timber.
Contains Film Biocide Preserver to prevent
Surface growth of Mould/Algae*

Key Features

- For use on most external pretreated timbers; (refer to tin/container).
- Contains film biocide preserver to prevent surface growth of mould /algae.
- Suitable for rough, sawn or smooth timber, but not suitable for garden furniture unless over sealed.
- Harmless to plants and pets when dry.
- Oil/solvent based for deeper penetration.
- Low odour ready to use formulation.
- Superb quality water repellent resins.
- UV fade resistant colour pigments.
- High level, long lasting protection.
- For unpreserved / untreated timber. We recommend using Barrettine Universal Preserver first as a primer.

Application

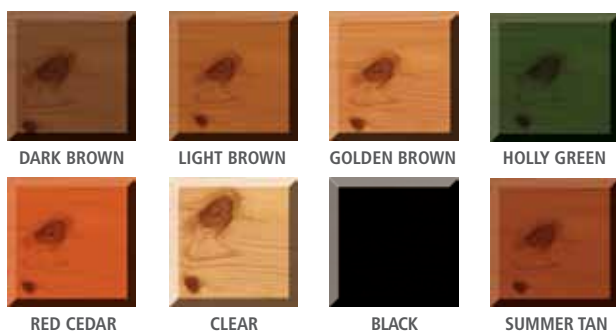

- Ensure wood to be treated is dry, free from dirt and repellent coatings such as paint or varnish. (remove and sand down as required).
- Recommend using a biocidal wash such as Barrettine Knockout Mould and Mildew prior to treatment.
- Apply by brush, dip, roller or solvent compatible low pressure sprayer only (not high pressure & ensure weather conditions are dry and still).
- Coverage: 1 litre to 6 sq metres.
- Drying times: 24-48 hours under normal conditions.
- Best results – recommend 2-3 applications/coats.
- Clean equipment with Barrettine White Spirit.
- Always read the label before use.

Size

1 litre, 2.5 litre, 5 litre, 25 litre & 205 litre.

Order Code	PTCL (Clear), PTDB (Dark Brown), PTLB (Light Brown), PTRC (Red Cedar), PTHG (Holly Green), PTGB (Golden Brown), PTBL (Black), PTST (Summer Tan)
-------------------	---

Available in a range of colours and clear, see colour swatch below.

Regular treatment gives *Superb* water repellency

USE BIOCIDES SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.

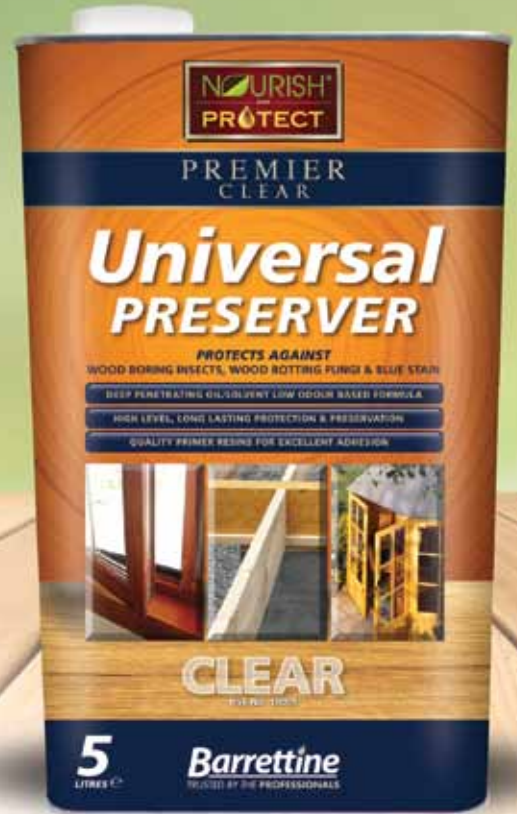

PREMIER
CLEAR

Universal PRESERVER

PROTECTS AGAINST
WOOD BORING INSECTS, WOOD ROTTING FUNGI & BLUE STAIN

- ✓ DEEP PENETRATING OIL/SOLVENT LOW ODOUR BASED FORMULA
- ✓ HIGH LEVEL, LONG LASTING PROTECTION & PRESERVATION
- ✓ QUALITY PRIMER RESINS FOR EXCELLENT ADHESION

Key Features

- Contains Propiconazole, Permethrin & IPBC.
- Protects uncontaminated timber against wet rot, decay and wood boring insect attack.
- Suitable for use on all types of timber, rough, sawn or smooth. For use internally and externally (out of ground). Refer to internal and external definitions of use on the tin.
- Treated timbers can be polished, stained, varnished or painted when dry.
- Approved under COPR/BPR.
- Harmless to plants and pets when dry.
- Low odour ready to use formulation.
- Wax free primer for over coating.

Application

- Ensure wood to be treated is dry, free from dirt and repellent coatings such as paint or varnish (remove and sand down as required).
- Recommend using a biocidal wash such as Barrettine Knockout Mould and Mildew prior to treatment.
- Brush, dip, roller or spray in suitable conditions. (When used outdoors make sure weather conditions are dry and still).
- Coverage: 160 ml/m² or 1 litre to 6.25 sq metres.
- Drying times: 12 h under normal conditions (20°C/65% rel. humidity). Allow a minimum of 24 hours drying time under normal conditions before application of a top coat.
- Best results – recommend 2-3 applications/coats.
- Clean equipment with Barrettine White Spirit.
- Always read the label. Use biocides safely.
- We recommend to apply a water repellent finish after application.

PREMIER Woodworm Killer

LOW ODOUR FORMULATION

*For the prevention & eradication of Woodboring Insects
For internal & external timber structures*

Key Features

- Contains Permethrin.
- Protects uncontaminated timber against wood boring insect attack.
- Suitable for use on all types of timber, rough, sawn or smooth. (Internal & external)
- Treated timbers can be polished, stained, varnished or painted when dry.
- Approved under COPR/BPR
- Harmless to plants and pets when dry.
- Deep penetrating low odour solvent based, ready to use formulation.
- Kills all common insects including Common Furniture Beetle, House Longhorn Beetle, Powder Post Beetle and wood boring Weevils.
- Kills larvae and eggs when in direct contact.

Order Code	SPWW
-------------------	-------------

Available in a clear only.
The image to the right is for illustration only.

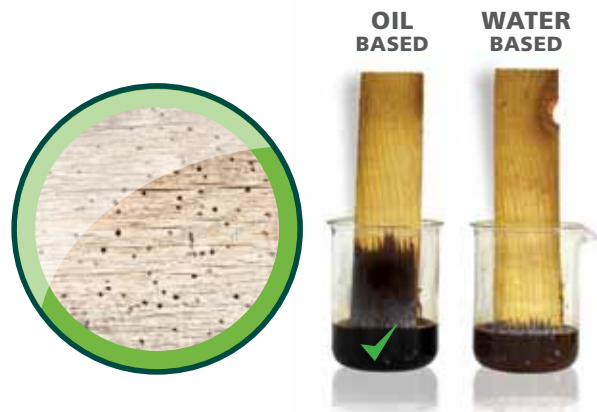

Application

- Ensure wood to be treated is dry, free from dirt and repellent coatings such as paint or varnish (remove and sand down as required).
- Avoid contact with plastics, bitumen roofing felts and similar materials.
- Floor coverings: treated floors must be allowed to dry and ventilate for up to 3 weeks before relaying foam backed carpets or underlay.
- Remove absorbent materials and insulation from roof areas etc before application.
- Ensure all electrical wiring etc are in sound condition before treatment. Isolate the area of treatment from electrical supply by removing fuses before application.
- Brush, spray or apply directly into flight holes where possible.
- Coverage:-
Prevention: 200ml per m² or 1 litre to 5 sq metres.
Eradication: 300ml per m² or 1 litre to 3.3 sq metres.
- Drying times: normally 48-72 hours.
- We recommend 2 coats are applied for best results.

Size

250 ml, 500 ml, 1 litre, 2.5 litre, 5 litre.

USE BIOCIDES SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.

WOODWORM KILLER LOW ODOUR SOLVENT BASED

SIZE	PACK QTY	ORDER CODE
250 ml	6	SPWW.25
1 litre	6	SPWW001
2.5 litre	4	SPWW2.5
5 litre	4	SPWW005

A traditional deep penetrating low odour oil/solvent based woodworm killer which prevents & exterminates woodworm and woodboring insects from timber. Ideal for treating furniture, flooring, structural timbers etc. Avoid contact with plastics, roofing felts etc. Kills all common insects including Common Furniture Beetle, House Longhorn Beetle, Powder Post Beetle and wood boring Weevils. Also kills larvae and eggs when in direct contact.

WOODWORM KILLER LOW ODOUR SOLVENT BASED

SIZE	PACK QTY	ORDER CODE
500 ml	6	SPWW.50

A traditional deep penetrating low odour oil/solvent based woodworm killer which prevents & exterminates woodworm and woodboring insects from timber. Ideal for treating furniture, flooring, structural timbers etc. Avoid contact with plastics, roofing felts etc. Kills all common insects including Common Furniture Beetle, House Longhorn Beetle, Powder Post Beetle and wood boring Weevils. CREOCOTE

SIZE	PACK QTY	ORDER CODE
4 litre (Light)	4	CRCOL04
4 litre (Dark)	4	CRCOD04
25 litre (Light)	1	CRCOL25
25 litre (Dark)	1	CRCOD25

For exterior use only. Similar physical/water repellency/application characteristics of traditional Creosote but contains no biocide/preserver. A bitumen/ wax based treatment that helps to protect exterior rougher cut timber by repelling water and preventing ingress.

Drying time: 24 - 48hrs.

Coverage: 1 litre will cover 6 - 8 sq metres.

Application: Brush.

TRADITIONAL CREOSOTE

SIZE	PACK QTY	ORDER CODE
20 litre	1	CRED020
205 litre	1	CRED205

For Professional Use Only.

Traditional dark coloured preserver for above ground application.

Drying time: Minimum 48hrs.

Coverage: 1 litre will cover upto 10 sq metres.

Application: Brush.

APPROVED UNDER COPR/BPR

ENSELE END GRAIN PRESERVATIVE

SIZE	PACK QTY	ORDER CODE
1 Kg	6	ENGR001

ENSELE™ is a waterbased, end grain preservative against fungal and insect attack specifically designed for use with tanalised timber or treated timbers. Whenever tanalised or treated timber is cross-cut, notched or bored, the exposed surfaces must be re-treated with an end-grain preservative to maintain the integrity of the protective system. Dries to a grey finish.

Drying time: 24hrs.

Application: Brush, 2 coats, 550 grams per sq metre.

Active ingredients: Propiconazole, Tebuconazole, Thiadoprid & IPBC.

APPROVED UNDER COPR/BPR

SHED & FENCE TREATMENT

SIZE	PACK QTY	ORDER CODE
5 litre	2	SFHG005 - Harvest Gold
		SFCR005 - Cedar Red
		SFEG005 - Evergreen
		SFDB005 - Dark Brown
		SFBL005 - Black

A water based decorative treatment for rough, sawn or smooth timber such as fences, sheds and trellis. The low odour formulation is harmless to plants or pets when dry. Ideal for use over pre-treated, pressure treated and preservative impregnated timber structures. Available in 5 attractive colours.

Drying time: 4-8hrs.

Coverage: 1 litre will cover 4-8 sq metres.

Application: Brush.

DECKING OIL ALL-IN-ONE TREATMENT

SIZE	PACK QTY	ORDER CODE
2.5 litre	4	DOCP005 (5L) DTCP2.5 (2.5L) - LIGHT OAK
5 litre	4	DODO005 (5L) DDO2.5 (2.5L) - DARK OAK
		DORC005 (5L) DTRC2.5 (2.5L) - CEDAR RED
		DORO005 (5L) DTRO2.5 (2.5L) - ROSEWOOD
		DOCL005 (5L) DTCL2.5 (2.5L) - CLEAR

Specifically formulated for use on pressure treated and preservative impregnated timber offering superb protection to deck boards, deck tiles and balustrades. Also achieves a superior finish to summerhouses, sheds and fences. Non flaking and its water repellency helps prevent timber from splitting and cracking. UV fade resistant pigments. Contains a surface biocide preserver to protect against mould.

Drying times: 48 - 72hrs

Coverage: 1 litre treats 6-8 metres.

LOG CABIN TREATMENT

SIZE	PACK QTY	ORDER CODE
5 litre	4	LCDT005 - CLEAR

Log Cabin and Complete Decking Treatment is specially formulated to oil and protect log cabins, decking boards, deck tiles and balustrades made from pretreated, pressure treated or preservative impregnated timber. Will also deliver a superior finish to sheds, huts and fencing. Contains a surface biocide preserver to protect against mould.

Coverage: 1 litre - 5-8m sq metres.

Drying time: 48 - 72hrs

USE BIOCIDES SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.

BLACK TAR PAINT

SIZE	PACK QTY	ORDER CODE
5 litre	1	PASB005

A solvent based bituminous paint for the protection of many surfaces including metal, concrete, stone, timber etc. For use on surfaces that are not abraded. Semi gloss finish weathering to matt over time.

Coverage: 1 litre to 4 sq metres
Application: Brush
Drying Time: 24 - 48hrs

BLACK WOOD PRESERVER

SIZE	PACK QTY	ORDER CODE
5 litre	4	WOBL005

See main advert on page 6.

A high quality low odour solvent based, deep penetrating preserver which is used for the protection against wood destroying fungi (wet rot), wood discolouring fungi and wood boring insects. Provides a semi-transparent matt black / satin finish allowing the natural wood texture to be visible, no subsequent top coat product required unless for aesthetic purposes. For outdoor use, also for use on windows/frames, external doors/frames (internal & external sections).

BLACK WOOD PROTECTIVE TREATMENT

SIZE	PACK QTY	ORDER CODE
5 litre	4	PTBL005

See main advert on page 4.

An ideal matt black wood treatment for outdoor timber structures such as Sheds, Fences, Trellis, Pergola and timber Gazebo's. A low build film product that absorbs into the wood, with successive coats building onto the surface to give excellent water repellency and beading. Oil / Solvent based for deeper penetration of substrate. Contains water repellent resins and film biocide preserver to prevent surface growth of mould / algae and together this helps reduce decay, swelling, twisting of wood. Pigments have good UV fade resistance and will help protect wood from UV damage. Friendly to beneficial insects when dry.

5 litre	2	PABBTW5
25 litre	1	PABB025
205 litre	1	PABB205

Meets BS6949-1991

A solution of Bitumen giving an initial gloss finish, weathering to a matt black coating. Suitable for metal and concrete. Not suitable for use on roofing.

Coverage: 1 litre - 4 sq metres.
Drying times: 4 - 12hrs
Application: Brush, can be spray if diluted minimally with White Spirit but will need several coats.

USE BIOCIDES SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.

WOOD OILS

Natural oils have been used as wood finishes since the Egyptians. The oils used are derived from plants i.e. Linseed, Rape Seed, Cornflower. The most useful oils are known as drying oils e.g. Linseed or Tung Oil. They provide a natural looking, hard wearing finish that maintains much of the wood texture. Oils penetrate in to wood and require successive applications for protection. Oils can take from one to many days to dry.

DANISH OIL

SIZE	PACK QTY	ORDER CODE
250 ml	6	OIDA.25
500 ml	12	OIDA.50
2.5 litre	4	OIA2.5
5 litre	4	OIDA005
25 litre	1	OIDA025

A blend of oils and resin which provide an attractive lustre finish to all woods. Ideal for Scandinavian furnishings, doors, panelling, wood turning etc, also an excellent treatment for kitchen surfaces (non food prep) and none green oak timbers due to its water repellency. For internal and external use (regular maintenance is required).

BOILED LINSEED OIL

SIZE	PACK QTY	ORDER CODE
250 ml	6	OIBL.25
500 ml	12	OIBL.50
2 litre	4	OIBL002
5 litre	4	OIBL005
25 litre	1	OIBL025

Boiled Linseed Oil contains metallic salts that speed up the process of drying. Imparts an attractive warm mellow satin finish. Can be used inside or outside with regular maintenance. It is also a traditional sealer for terracotta tiles. Ideal for most bare woods with the exception of oak where darkening could occur.

RAW LINSEED OIL

SIZE	PACK QTY	ORDER CODE
250 ml	6	OIRL.25
500 ml	12	OIRL.50
2 litre	4	OIRL002
5 litre	4	OIRL005
25 litre	1	OIRL025

A slow drying natural oil that feeds and protects all types of wood. Raw Linseed Oil is ideal for oak beams, cricket bats, garden canes etc and as a lubricant in French Polishing. Useful also for the softening of Linseed Oil Putty.

Not recommended for furniture and flooring.

GARDEN FURNITURE CLEANER

SIZE	PACK QTY	ORDER CODE
500 ml	6	TECLT65

Removes dirt and grease from garden and patio furniture. Suitable for regular cleaning or prior to application of a protective finish.

GARDEN FURNITURE OIL

SIZE	PACK QTY	ORDER CODE
1 litre	6	OIGF001

A blend of natural oils and resins for the protection and nourishment of most soft and hardwoods. It has water repellent resins that reduce mould/algal growth.

Drying time: 48hrs

TEAK OIL SPRAY

SIZE	PACK QTY	ORDER CODE
500 ml	6	OITS650

For retaining the natural beauty of hard woods such as Teak, Afrosia etc. If used regularly Teak Oil will nourish, revive and feed the wood. Not recommended for Oak. It will reduce weathering and greying appearance of wood whilst providing a satin finish.

Drying time: 24 - 48hrs

TEAK OIL

SIZE	PACK QTY	ORDER CODE
250 ml	6	OITE.25
500 ml	12	OITE.50
1 litre	6	OITE001
2 litre (Trade)	6	OITE002
5 litre	4	OITE005
25 litre	1	OITE025

A natural blend of pure oils that retains the natural beauty of most softwoods and hardwoods including Teak, Afrosia, Iroko and Cedar. Not recommended for Oak. It will help prevent weathering/greying, appearance and reduce the risk of the surface splitting.

Drying time: 24 - 48hrs

POLISHES & SHELLAC KNOTTINGS

French Polish is made from Shellac and alcohol. Shellac (produced by the lac bug) is a very desirable finishing material. It forms a tough yet flexible film on wood having a high mechanical strength and abrasion resistance. It has very good adhesion properties and individual coats of shellac bond well together. It dries quickly and is easy to clean up. Shellac has a very long history as a finishing material however, it is not very water resistant. If water is allowed to stand on the finish for a long time, it will soak through the shellac film and damage the wood

SHELLAC SANDING SEALER

SIZE	PACK QTY	ORDER CODE
250 ml	6	POSS.25
2 litre	6	POSS002

A foundation coat for new and stained/dyed timbers prior to finishing with French or Wax Polishes. Internal and external use. Provides a smooth surface for finishing products.

BROWN FRENCH POLISH

SIZE	PACK QTY	ORDER CODE
250 ml	6	POBF.25

Made from pure Flake Shellac mixed with alcohol. Used extensively on high quality furniture and for renovating old furniture that does not require stripping, giving a rich high gloss finish. Can be applied by brush or cloth. For best results apply multiple coats, rubbing down with fine wire wool after each application. Surfaces can be easily marked by heat, solvents and abrasions.

WHITE FRENCH POLISH

SIZE	PACK QTY	ORDER CODE
250 ml	6	POWF.25

This is a polish made with bleached White Shellac and alcohol. Best used on pale or bleached woods, when it is preferable to keep the colour as natural as possible. Ideal for sealing wood prior to waxing. Surfaces can be easily marked by heat, solvents and abrasions.

PATENT KNOTTING

SIZE	PACK QTY	ORDER CODE
250 ml	6	POPK.25
500 ml	12	POPK.50

A quick drying Shellac in alcohol, which is applied over knots and resinous areas in wood, to seal prior to painting. For use internally and externally. Patent Knotting prevents the resins naturally found in woods being dissolved by the solvents present in most paints and seeping to the top surface discolouring the paint finish. Clean all brushes well with Barrettine Methylated Spirits immediately after use. Not recommended to be used where waterbased / lighter coloured modern paints are to be used – use White Knotting.

WHITE KNOTTING

SIZE	PACK QTY	ORDER CODE
250 ml	6	POWK.25

A translucent, colourless knotting for use under stains, varnishes and lighter coloured paints, where the use of Patent Knotting may cause some ghosting. For use internally and externally.

Note: If knots are exuding excessive resin, it is advisable to remove and make good with sound timber or suitable filler/stopper.

Always test before use to ensure it's suitability with paints.

BUTTON POLISH

SIZE	PACK QTY	ORDER CODE
250 ml	6	POBU.25

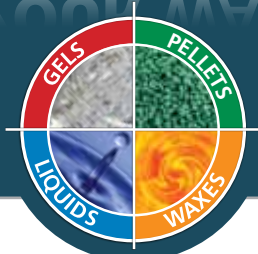

Button Polish is a premium finish for wooden furniture of the antique style giving a highly polished appearance to the surface. These Shellac Polishes are suitable to use over wood stains and dyes. Whilst the finish achieved by a skilled craftsman can provide a superb high quality finish, it is susceptible to heat and water marking. Often the finish is completed by the application of a wax polish to improve water resistance.

SOLVENTS & DECORATING SUNDRIES

An ever increasing range of decorating sundries are sold under the Barrettime brand along with "customers own brand".

Attractive packaging and labelling make it a must for every DIY and Builders Merchants shelf. Demand for low odour and low VOC products is rising - Barrettime has embarked on a path which will lead to "solvent free" or "solvent reduced" products in the very near future.

PAINT PANTHER® PAINT & VARNISH REMOVER

ROOTS OUT WEEDKILLER READY TO USE

SIZE	PACK QTY	ORDER CODE
1 litre	6	ROOTS01

Roots Out™ is a ready to use high performance Glyphosate weed killer. The 1 litre solution kills the leaves, roots and shoots. The easy to use trigger spray nozzle has three positions to cover all angles and for those hard to reach places, can be used on paths and driveways.

PATH & DRIVE RTU WEEDKILLER - READY TO USE

SIZE	PACK QTY	ORDER CODE
1 litre	6	BPDWR01

Prevents new weeds for up to 6 months on waste ground, gravel paths & drives and around trees and shrubs. Kills even difficult weeds including horsetail. Stops new weeds germinating all season long. Fast acting; initial effects seen within 3 days. Advanced formula systemic and residual weedkiller. Also kills moss. Rainfast after 1 hour.

PATH & DRIVE WEEDKILLER - CONCENTRATE

SIZE	PACK QTY	ORDER CODE
50 ml	12	PADRW50
90 ml	12	PADRW90

As used by professionals but for amateur use. Season long control of weeds such as thistles, dandelions, deadnettles, plantains, knotgrass, couch grass and mayweed. For use on gravel paths, drives, around woody ornamental shrubs and trees, and other waste ground. Systemic, long lasting weedkiller that does not stain treated areas. Kills weeds down to their roots and prevents new weeds growing for up to 3 months by preventing the seeds from germinating.

PATH, PATIO & DRIVE WEEDKILLER - SACHETS

SIZE	PACK QTY	ORDER CODE
6 x 8 g Sachets	6	BPPWS06

A simple soluble sachet application - no measuring required. Kills weeds right down to the roots. Breaks down naturally in the soil without leaving residues. Controls most tough and difficult weeds on all hard surfaces, such as paths, drives and patios.

USE BIOCIDES SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.

LAWN WEEDKILLER READY TO USE

SIZE	PACK QTY	ORDER CODE
750 ml	6	BLWKR07

Kills most common lawn weeds.
For spot treatment of broad-leaved weeds; including dandelions, daises, white clover, yarrow, buttercups and selfheal. Quick and easy ready to use formulation.

MOSS KILLER READY TO USE

SIZE	PACK QTY	ORDER CODE
1 litre	6	BMOKI01

Effective moss and algae killer for use on all natural surfaces.
Non staining formula.
Can be used on terracotta (pots and statues), greenhouse and conservatory glass.
Initial results can be seen within 1 hour.
Foamy formulation makes it easy to 'see where you've been'. Rainfast after 1 hour.

TREE STUMP KILLER

SIZE	PACK QTY	ORDER CODE
3 x 8 g Sachets	6	BTSKS03

A tough systemic weedkiller for killing tree stumps, brushwood, brambles and other deep rooted perennials. Breaks down naturally in the soil to allow for replanting.
Simple soluble sachet application - no measuring required.

USE BIOCIDES SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.

BUG BLASTER INSECT SPRAY READY TO USE

SIZE	PACK QTY	ORDER CODE
500 ml	6	BUBL.50

Bug Blaster, the trusted, reliable and effective insecticide-free spray has now been reformulated to contain a water soluble polymer that acts as a physical mode of action. The insect is coated with a polymer when Bug Blaster is applied to the insect, the liquid polymer coating immobilises the insect and as a secondary consequence of this film coating, the insect dies. There is no residual action of this formulation as Bug Blaster contains no insecticide and the knockdown is rapid. Recommended to be used against small nuisance insects appearing around the home such as flies, ants, bed bugs, fleas etc.

Do not spray Bug Blaster near naked flames or directly onto animals. Dependant on the substrate, Bug Blaster could stain materials, therefore apply a test patch to determine the significance of the stain before general use.

Available in a 500 ml trigger pack and soon to be available in an aerosol pack.

CONDITIONS OF SALE

CARRIAGE

Carriage will be free on all orders over £300 with the exception of Scotland which will be £425. Orders less than the above will be subject to a small handling charge. All orders will be invoiced at the price ruling on the day of despatch. Standard delivery on stock items 5-7 working days.

TITLE OF GOODS

Title goods pass only on full payment of invoice. Goods remain the property of the seller until paid in full.

RETURNS

Goods are not to be returned except by prior arrangement with the sales office.

CLAIMS

No claim for damages or shortages can be accepted unless we are advised immediately by phone or in writing within three days of delivery. No claims can be allowed once a clear signature has been given.

VAT

All products, except where indicated, will be subject to VAT at the standard rate - subject to alteration without prior notice.

TERMS

Settlement of account is nett monthly following month of invoice.
